or; 1 skein of Kid-Mohair (lace weight), held double

circumference: 48 cm, length: 27,5 cm.

Ms snupp's Angora Hat (FWSS - a shameless copy)

Note! Check gauge! I knit more in the tight end of the scale.... You might have to follow the (alternative pattern), and use needles 2,5 mm/US 1,5 to get gauge.

Cast on 110 st(s) on needles 3mm (or alt.; 120 st(s) on needles 2,5mm) and knit in the round in stockinette st(s) until the hat reaches the top of your head when wearing (or as long as you want it before decreasing). Mine measures 22 cm before decreasing....

Decrease 2 st(s) evenly in the next round = total of 108 st(s). (If you cast on alt. 120 st(s), you don't have to do this decrease....)

The next round: *PM, k27* (*PM, k30*), until you have placed 4 markers around the work.

This instruction applies to every decrease for the rest of the work: *k to 3 st(s) before marker, ssk, k1, SM, k2tog*.

1th. round (of decrease): decrease as instructed by the markers

2nd. - 3rd. round: knit

4th. round: decrease by the markers

5th. - 6th. round: knit

*7th. round: decrease by the markers

8th. round: knit*

Repeat from * to *, until you have 12 st(s) left on the needles.

(Change to double pointed needles when the work becomes too narrow for circular needles.)

Break yarn, not too short, and gather all the remaing st(s) on the yarn end. Pull together and weave in the ends.

Voila! One finished piece of copied hat
